Only Yesterday

Gene Watson

Fancy meeting you here
I guess I always knew there'd
Come a time we'd meet this way
It's good to see your face again
How long has it been
It seems like only yesterday.You know I still remember
Time we spent together
Little things we'd do and say
The night you said goodbye
Stays here on my mind
As if it were only yesterday.I feel the unrelenting march of time
And every day I fall another day behind
I want no other love, I wish on stars above
Not for tomorrow only yesterday.I feel the unrelenting march of time
And every day I fall another day behind.Our love builds on for me
It is my everything
But for you it's only yesterdayBut for you it's only yesterday
