

fragile (feat. wrenn)

[Gnash](#)

I'm sorry you saw me shaking
Stay with me for a day
I've got no one to hold me
'Cause I, I turn them all away I don't wanna be alone
But I'm better on my own 'Cause I'm fragile
God, I'm fragile I'm sorry you saw me breaking
But stay with me don't stray
God, I wish you would hold me closely
Don't think I don't feel the same I'm better on my own
But I don't wanna be alone 'Cause I'm fragile
God, I'm fragile God, I wish I could love you
God, I wish I could love you
God, I wish I could love you
God, I wish I could love you 'Cause I'm fragile
God, I'm fragile
