

When I Dream At Night

Marc Anthony

I have been in love and been alone
I have traveled over many miles to find a home
Theres that little place inside of me
That I never thought could take control of everything
But now I just spend all my time with anyone
Who makes me feel the way she doesCause I only feel alive when I dream at night
Even though shes not real its all right
Cause I only feel alive when I dream at night
Every move that she makes holds my eyes and I fall for her every timeIve so many things I want to say
Ill be ready when the perfect moment comes my way
I had never known whats right for me
Till the night she opened up my heart and set it free
But now I just spend all my time with anyone
Who makes me feel the way she doesCause I only feel alive when I dream at night
Even though shes not real its all right
Cause I only feel alive when I dream at night
Every move that she makes holds my eyes and I fall for her every timeNow I just spend all my time
With anyone who makes me feel the way she doesCause I only feel alive when I dream at night
Even though shes not real its all right
Cause I only feel alive when I dream at night
Every move that she makes holds my eyes and I fall for her every timeCause I only feel alive when I dream at
night
Even though shes not real its all right
Cause I only feel alive when I dream at night
Every move that she makes holds my eyes and I fall for her every time'Cause I only feel alive, only feel alive,
when I dream at night
When your by my side even though shes not real its all right
Thats alright baby thats all right
Cause I only feel alive when I dream at night
Every move that she makes holds my eyes, holds my eyes
