

Slayer

Driving compulsion morbid thoughts come to mind  
     Sexual release buried deep inside  
 Complete control of a prized possession  
     To touch and fondle with no objection  
     Lonely souls an emptiness fulfilled  
     Physical pleasures and addictive thrill  
     An object of perverted reality  
 An obsession beyond your wildest dreams  
     Death loves final embrace  
     Your cool tenderness  
     Memories keep love alive  
     Memories will never die  
 The excitement of dissection is sweet  
 My skin crawls with orgasmic speed  
     A lifeless object for my subjection  
 An obsession beyond your imagination  
     Primitive instinct a passion for flesh  
 Primal feeding on the multitudes of death  
     Sadistic acts a love so true

Absorbingly masticating a part of you  
     Death loves final embrace  
     Your cool tenderness  
     Memories keep love alive  
     Memories will never die  
     I need a friend  
     Please be my companion  
     I don't want to be  
     Left alone with my sanity  
 Erotic sensations tingle my spine a dead body lying next to mine  
     Smooth blue black lips I start salivating as we kiss  
 Mine forever this sweet death I cannot forget your soft breaths  
     Panting excitedly with my hands around your neck  
     Shades are drawn no one out can see  
     What I've done what's become of me  
     Here I stand above all that's been true  
     How I love? How I love to kill you?
