

Weathered and Torn

The Dream Syndicate

Ch.:

Weathered and torn

weathered and torn

hey baby, I'm on the floor

my my, ripped and worn

it's down to me, I'm weathered and torn she was a stranger, that didn't matter

I didn't need her, but I had to have her

send for a doctor, hit the press on the phone

she's gone, I'm weathered and torn

Ch.: weathered and torn...I tried to phone her, the numbers been changed

and I tried to find her, I was so strange

will somebody please throw me a bone

cause I'm in the doghouse now

I'm weathered and torn Ch.: weathered and torn...

oh I tried to phone her, the numbers been changed

and I tried to find her, I was so strange

will somebody please throw me a bone

cause I'm in the doghouse now

I'm weathered and torn Ch.: weathered and torn...
