

Winter Beats

Baby Toys

Heart beats

When your heart in winter beats

Don't let that cold blood freeze

Cause frozen love will bleed

Blood streaked

Streaked with frozen leaves

Leaves broken streets for me

Slips on cold red streets

Winter beats

It strikes for you and me

Don't let that cold blood freeze

Cause frozen love still bleeds

Winter beats

It strikes for you and me

Don't let that cold blood freeze

Cause frozen love still bleeds
