

# Touch of evil

## Judas Priest

Outside this flamin' ring of fire  
There's nothing left for me to lose  
I shoot to kill if I desire  
I walk away if I so choose  
4,000 filthy stinkin' liars  
Tell me there's nothin' I can do  
I don't forget, I don't grow tired  
Someday I'll do the same to you  
Alles klar, bad is good  
You'd better listen till it's understood  
There's a touch of evil - in my mind  
There's a touch of evil - in these eyes  
There's a touch of evil  
There's a touch of evil  
This time - a touch of evil  
There's a fever floatin' round my brain  
So many things I can't explain  
You'd better listen, better get it into your head  
No regrets for anything I've said  
Alles klar, bad is good  
I'm gonna tell you till it's understood  
There's a touch of evil - in my mind  
There's a touch of evil - in these eyes

There's a touch of evil  
There's a touch of evil  
This time - a touch of evil  
A touch of evil  
In my mind  
A touch of evil  
Alles klar, alles good  
Now I'm here in your neighborhood - oh  
There's a touch of evil - in my mind  
There's a touch of evil - in these eyes  
There's a touch of evil  
There's a touch of evil  
There's a touch of evil - in my mind  
There's a touch of evil - in these eyes  
There's a touch of evil - in my mind

There's a touch of evil - in these eyes

A touch of evil - in my mind

A touch of evil - in these eyes

A touch of evil

A touch of evil

A touch of evil

A touch of evil

A touch of evil

A touch of evil

A touch of evil - yeah!
