## De Palmas

Time will tell us all  
Pride comes before a form [?]  
The dust and the dirt  
The way that we heardSometimes  
We feel so scared  
And we lean on the ground  
Holding each otherAnd we wait for the sound  
Of the ring  
We are chained  
Like lovers  
Why do we dream when we sleep?  
What are the secrets you keep?  
I don't wanna know  
You don't have to show  
I love the words you never saySometimes  
We feel so scared  
And we lean on the ground  
Holding each otherAnd we wait for the sound  
Of the ring  
We are chained

And we wait for the sound  
Of the rain  
We are chained

Holding each other  
And we wait for the sound  
Of the rain  
We are chainedLike lovers
