Amen

Love and Theft

I know we shouldn't miss church
But one Sunday won't hurt
It's just one of those days besides
I don't think the man will mind
If I take in something spiritual
Right here right now
In your eyes
Can I get an amen?
AmenI'm up for just laying in bed
Shuttin' it down for once instead
We've always gotta be somewhere
This feels like an answered prayer
So why don't we give that sweet red dress
You wear so well the day off
Can I get an amenEvery once in a while
Every now and then
Can I get an Amen?
AmenEvery once in a while
Every now and then
Can I get an amen?
Can I get an amen?
