

# Without

## Years & Years

You're the first one, you're the champion  
You're the tall one, you are Halcyon  
You don't belong to me, you're too far away  
And everything falls apart when I try to say You're in love  
In love without me  
So close your heart  
You'll never find me  
Ooh you can hate me now  
'Cause I'll be gone  
And I'll be with you or without You can count the wounds, you can make it worse  
How could I have known your universe?  
Follow the marks you left  
Feel the undertow  
Boy that you thought you knew  
He's so hard to hold And you're in love  
In love without me  
So close your heart  
You'll never find me  
Ooh you can hate me now  
'Cause I'll be gone  
And I'll be with you or without Oh you'll keep shivering into the night, I can let you hold me  
And tell each other that we might survive if we keep it going You're in love  
In love without me  
So close your heart  
You'll never find me  
Ooh you can hate me now  
'Cause I'll be gone  
And I'll be with you or without  
And I'll be with you or without
