

Right Here

Jeremy Camp

All the world is watching
All the world does care
Even when the world weighs on my shoulder now
These feelings I can bare Because I know
That you're here Everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah Well, everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah All these thoughts I've wasted
All these thoughts I fear
Even when these thoughts have faded
I still know that you're here So I can rest
My hope in you Well, everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah Well, everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah Many of times that I have felt alone
Many of times that I have the world was crashing down upon me
You always stood here by my side
And you were always there 'Cause everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah Everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah Everywhere I go
I know you're not far away
You're right here
You're right here, yeah yeah
