

He's Been Just That Good

Ricky Dillard & New G

He's Been Just That Good

Choir:

I've come through too much, not to praise him.

I've come through too much, not to bless him.

So I've got to praise him

For he's been just that good. (Repeat) Verse:

For the many things
that I had to go through.

For the many things
that I had to endure.

If I lose everything, I'd still have Jesus,
I'd have enough to start all over over again. Choir (lead ad libs through rest of song)

So I've got to praise Him
for He's been just that good. Choir:

Well Go On and bless His name,

Well go on and magnify His name. Choir:

So I've got to praise Him (Repeat as directed)
got to praise Him End: For He's been just that good.
