

# Hey Hey Hey

## Locash Cowboys

Let's talk about mud, let's talk about trucks  
Let's talk about shotguns, white tail deer, and geese, and ducks  
Let's talk about lakes, let's talk about boats  
Let's talk about catfish, big mouth bass, and fishing poles

[Chorus]

Hey, hey, hey I'm from the country  
Hey, hey, hey out in the sticks  
Hey, hey, hey my redneck baby loves me  
And my music sounds like this

Let's talk about blue ticks, let's talk about traps  
Let's talk about chewin' tobacco, buck knives, and coon skin caps  
Let's talk about whiskey, let's talk about beards  
Cause buddy that fu-manchu on your chinny chin chin  
Man that thing looks weird

[Chorus]

No government, no politics  
No trespass sign on a barbed wire fence  
You best respect my land, my home  
Beware of my dog, or be my dog's bone  
We can talk about family, we can talk about God  
We can talk about football, fixin' tractors, and southern rock  
We can talk about Hank, and that rowdy song  
And if you think Monday nights ain't been the same, ever since he's been gone  
Say hey, hey, hey  
Say hey, hey, hey

[Chorus]

Hey, hey, hey I'm from the country  
Hey, hey, hey out in the sticks  
Hey, hey, hey my redneck baby loves me  
And I live for her sweet kiss

Hey, hey, hey I'm from the country  
Hey, hey, hey out in the sticks  
Hey, hey, hey my redneck baby loves me  
And my music sounds like this
