Hello Goodbye

Culture Club

Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
The rhythm of the jungle
A temperamental beast
Makes the mountain tremble
Brings giants to their knees
If I ask you to stay
You might leave anyway
But the situations fallen from my hands
I say
Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
I feel exasperation
Get down on your knees
I called the operator
But this is where I freeze
I said hello, I said hello
I said hello, I've got to go
Do you love me? Do you love me? No
Do you love me? I've got to go
Do you love me? Do you love me? No
Do you love me? I've got to go
I say
Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
Goodbye, goodbye, goodbye, goodbye
The rhythm of the jungle
A temperamental beast
Makes the mountain tremble
Brings giants to their knees

If I ask you to stay
You might leave anyway
But the situations fallen from my hands
I say
Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
Hello, hello, goodbye
Hello, hello, goodbye
Hello, hello, goodbye, goodbye
