

# 10:03 (Instrumental)

## Doves

10:03 on a fast train  
A trick of light  
Crossing my eye  
A skyward plane  
Calling out your name  
Calling out your name Like the last of those fires  
We shall burn into the night  
Like a moth to the flame  
I will turn back again  
Oh I'm coming home  
Calling out your name  
All I've ever known Distant call down the wire  
Distant train on the line  
I'll return to your side  
With the push and pull of the tide  
All I've ever known  
Calling out your name  
Oh I'm coming home 10:03 on a fast train
