

# Everything You Do

## Hitman Blues Band

From the moment you looked at me  
And ever since you called my name  
You've been everything that I've seen  
And now I'm caught up in this game  
My mind is spinning round and around  
There's something special I have found  
Every time I close my eyes  
All I can think of is you and me  
Oh baby can't you see  
That everything you do  
Everything that you do  
Makes me wanna go  
Everything you say  
Everything that you say  
Makes me wanna go  
They're trying to build a fence  
By saying that this won't last  
They tell me I don't have a chance  
That everything moves too fast  
But every time I close my eyes  
All I can think of is you and me  
Oh baby can't you see  
That everything you do  
Everything that you do  
Makes me wanna go  
Everything you say  
Everything that you say  
Makes me wanna go  
Everything you do  
Everything that you do  
Makes me wanna go  
Everything you say  
Everything that you say  
Makes me wanna go  
My mind is spinning round and around  
There's something special I have found  
Every time I close my eyes  
All I can think of is you and me  
Oh baby can't you see

That everything you do  
Everything, everything you do  
Everything that you do  
Everything you say  
Everything that you say  
Everything you do  
Everything that you do  
Makes me wanna go  
Everything you say  
Everything that you say  
Makes me wanna go
