

Marrow

Anohni

In the, in the countryside
Under the streams
Suck the, suck the marrow out
of our bonesInject, inject, inject me
With chemotherapies
Suck the, suck the money out
of a faceWe are, we are all
Americans now
Africans, and Europe
and BrazilChina, Thailand, India
Great Britain
Australia, Borneo
NigeriaWe are, we are all
Americans now
Suck the, suck the oil out
of our veinsBurn her, burn her, burn her hair
Boil her skin
We are, we are all
Americans now
