

No Time

Gates of Ishtar

I calm the storm for a while
And stare into your tearful eyes
Hide your fears, deep inside
Behind your veil of lies
Born from the sin, filth within
I am the fear in your dreams
Hide your tears, cry within
Then learn what fear really means
No salvation, the past can never be changed
The book is written in blood of their enemies
All your lies and your cries
Now you shall pay in blood
Endless pain you shall gain
From trusting the book of lies
No repent christian friends
Your god can't save you now
Watch the dawn, last in time
Before you leave this life
There is no time for salvation
And nothing can change what you've done
Tear out the pages and burn them
And rewrite the chapter once more
