## Lori Lite

Tangerine she is all they claim,  
with her eyes of ninight and lips  
as bright as flame

Tangerine when she passes by  
Senoritas stare and Cabaleros sigh

And I've seen toasts to tatangerine in every place across the Argentine,  
Yes she has them all on the rurunabout she's only fooling just one  
Shes only fooling - Tangerine!
