

This Heart of Mine

[Rick Reuther](#)

This heart of mine, has been feeling so lonely and blue
This heart of mine, has been waiting for someone like you
Canâ€™t you see, you mean the world to me
Youâ€™re like poetry, sent down from above just for me, dear

This heart of mine, would be grateful if you take my hand
This heart of mine, thinks that we are both part of some plan
And Iâ€™ve lived too long, to not know love when it comes along
Iâ€™m laying it on the line, please take this heart of mine

(Musical interlude)

This heart of mine, has been feeling so lonely and blue
This heart of mine, has been waiting for someone like you
Canâ€™t you see, you mean the world to me
Youâ€™re like poetry, sent down from above just for me, dear

This heart of mine, would be grateful if you take my hand
This heart of mine, thinks that we are both part of some plan
And Iâ€™ve lived too long, to not know love when it comes along
Iâ€™m laying it on the line, please take this heart of mine

And Iâ€™ve lived too long, to not know love when it comes along
Iâ€™m laying it on the line, please take..this heart of mine
