

Sulky Girl

Robert Palmer

Go tell your sister about it
Go tell your brother the same
Bet they'll only look at you sideways
And call you insane Don't tell your mama about it
She won't see the funny side
She's only seen all her life
In terms of stayin' alive Well, you paint a picture
Of the whole wide world
But nobody's buyin' from
Such a sulky girl She wants a new brand of make-up
She can't decide what to wear
She's feels run down
And she can't do a thing with her hair You kept me out of your payments
You got three things on the boil
You see the practice of fun
As an endless toil Well, you paint a picture
Of the whole wide world
But nobody's buyin' from
Such a sulky girl
Such a sulky girl Nobody gives you no leeway
They sure got a lot to learn
If they won't give you no sympathy
Wait 'til it's their turn She enjoys messin' her grievance
And so she pouts all day
She won't ever a smile past her lips
Until things go her way Well, you paint a picture
Of the whole wide world
But nobody's buyin' from
Such a sulky girl
Such a sulky girl I'm such a sulky girl Sulky, sulky, sulky girl
Sulky, sulky, sulky girl
Sulky, sulky, sulky girl
Sulky, sulky, sulky girl Sulky, sulky, sulky girl
Sulky, sulky, sulky, sulky girl
