

Suasex

Siobhan Donaghy

It's a good sign
When we love things
Make a weak defense
I'm not lying
It's a sign of mineTake a look, get a hook
It's worth holding
Read the book, see the look
We're molding as one body
As we cook every look too scoldingHave I said something?
Will our love still show?
Would encase your love every day
In your love's a special occasionTake a look, get a hook
It's worth holding
Read the book, see the look
We're molding as one body
As we cook every look too scoldingBaby shook, what you took
I'm holding
You're the cook, read my book
It's floating
Ours is not to reason why
Get a hook, every look's worth holdingTe gustas t colegio?
Si
Porque?
Por que es muy grandeTe gustas t colegio?
Si
Porque?
Por que es muy grandeTe gustas t colegio?
Si
Porque?Take a hold of every moment
Every movement, every garment
Held my soul like you're a solvent
I could use your deep involvementBaby shook, what you took
I'm holding
You're the cook, read my book
It's floating
Ours is not to reason why
Get a hook, every look's worth holdingBaby shook, what you took
I'm holding
You're the cook, read my book

It's floating
Ours is not to reason why
Get a hook, every look's worth holdingTe gustas t colegio?
Si
Porque?
Por que es muy grandeTe gustas t colegio?
Si
Porque?
Por que es muy grandeTe gustas t colegio?
Si
Porque?
