Peace Of Mind

Maysa

What's all the
Confusion?
You seem
So disillusionedDid you know, baby
I have the solution
So leave all
Your worries behindI can give you
Peace of mind
Wanna give you
Peace of mind
For all timesSweet and gentle
Persuasion
Of a heart, mind
And body invasionTell me, what's
The simple equation?
It's just love equals
Love equals loveBut things don't
Always work out
And disappointments
Can leave you in doubtOf 'bout who you are
And where you should be
But I wish you
Would leave it to meI can give you
Peace of mind
Wanna give you
Peace of mindLet me give you
Peace of mind
For all times
Give you
Peace of mindI can give you
Peace of mind
Wanna give you
Peace of mind
For all timesLet me give you
Peace of mind
For all times
Give you
Peace of mindGive you
Peace of mindGive you

Peace of mindGive you
Peace of mind
