

# Cinderland

## Grandaddy

Outdated dreams have kept  
Your friends around  
I've seen them sad and wet  
In cast off gowns I don't know though  
I've been wonderin'  
Who looked at you Seems a lie  
And so untidy  
It's downright cruel Remember Cinderland  
Once was our town  
But since you went away  
It's barren ground I don't know though  
I've been wonderin'  
Where did you go? Seems one sided  
So untidy  
It's downright cruel
