

Golden Heart (GRNs 'Golden Glow' Radio Edit)

Erasure

Like a bubble that's floating
On high above
I won't break down
I won't cry
But the colors are melting
I am fragile I've been acting so coldly
And hope some day
That you will forgive me You are the one
That knows me for who I really am
It'll all be gone in the morning
We are lucky
Owe it all to fortune Golden heart
Tears of love
Shining
Will glow There's a light at
The end of the tunnel
I am crawling slowly
I am small What's been up with me lately?
Hardly know me
Who's that in the mirror? You are the one
That knows my moods of joy and anger
You've been coping and lonely
We are lucky
Owe it all to fortune Golden heart
Tears of love
Shining
Will glow Golden heart
Tears of love
Shining
Will glow Golden heart
Tears of love
Shining
Will glow
