

Weird Beard

Fu Manchu

Hundreds, thousands, millions
Will appear
He struggles to signal So says
The weird beard And he rides around
For a chance to see it all Uncertain and unknowing
We're sure he will fall
So he quickly takes the high road To where is not know
He will return
Down a slide to his throne And he says, he says
Weird Beard 5 mile, 6 mile, 7 mile
Wide
As he sped toward the mountain
An easy place to hide
