

# Saramona Said

## Violent Soho

No place to hide  
Nowhere to lead us  
I wanna take it down  
Saramona said

No great reprise  
I will abandon  
I want to bastardise  
This entire state

Lets start a fire  
It's like a big freight train  
Lets start a fire  
We are defeated

The TV lies  
It makes me anxious  
I want a dictator  
Saramona said

Lets free desire  
Be unconnected  
I wanna pop this pill  
Cause I'm a free man

Lets start a fire  
It's like a big freight train  
Let's start a fire  
We are defeated
