

Shine a Little Love

Electric Light Orchestra

Although the things you've done I wouldn't criticize
I guess you had your way
You see I gotta make you understand
I know it sounds a foolish thing to say
But it don't matter baby 'cause today's another day You shine a little love on my life
You shine a little love on my life
You shine a little love on my life and let me see Remember, tonight we're gonna run 'til dawn
Remember, tonight we're gonna say
We'll never stop we got a good thing goin' on
I know you've heard it all before
But I really need you darlin', every day I need you more You shine a little love on my life
You shine a little love on my life
You shine a little love on my life and let me see Can you understand?
(Yes I understand)
Can you feel it's right?
(I know it is)
Will you be the same?
(I'll do it all again) It's been a year now and it's getting so much better
You came home without a word
Though everybody said you'll soon forget her
They couldn't see and they just didn't understand
And lookin' in the mirror there were fools at either hand You shine a little love on my life
You shine a little love on my life
You shine a little love on my life and let me see Can you understand?
(Yes I understand)
Can you feel it's right?
(I know it is)
Will you be the same?
(I'll do it all again) How many days had I been waiting there to tell you
I really can't believe
We're walkin' out into the world tonight
We'll do it all again until the break of light
And the feelin' in your heart will soon be shinin' in your eyes You shine a little love on my life
You shine a little love on my life
You shine a little love on my life and let me see You shine a little love on my life
(Shine all day)
You shine a little love on my life
(Oh, oh, oh)
You shine a little love on my life and let me see You shine a little love on my life

(Shine)

You shine a little love on my life

(Hey, hey, ho)

You shine a little love on my life and let me see
