When We Were Young

Sneaky Sound System

Sorry, sorry, sorry, sorry, Im sorry
What you gonna do when you cross that line, cross that line, cross that line?
And what you gonna do when you run out of time, run out of time, run out of time?
What you gonna do when you cross that line, cross that line, cross that line?
Sticky fingers
And what you gonna do when you run out of time, run out of time, run out of time?
Facts and figure ends
oh oh oh OHAll we had was good, just like it should
When we were young
We were just nineteen, oh such a scene
When we were youngSorry, sorry, sorry, sorry, Im sorry
What you gonna do when you cross that line, cross that line, cross that line?
I told you to eat your dinner
And what you gonna do when you run out of time, run out of time, run out of time?
Im in trouble with youAll we had was good, just like it should
When we were young
And all you would be kings, you fearless things
Where are you now?Dont you throw it away, dont you throw it away
Dont you throw it away, awayAll we had was good, just like it should
When we were young
We were just nineteen, oh such a scene
When we were young
And all you would be kings, you fearless things
Where are you now?
