

# When We Were Young

## Sneaky Sound System

Sorry, sorry, sorry, sorry, Im sorry  
What you gonna do when you cross that line, cross that line, cross that line?  
And what you gonna do when you run out of time, run out of time, run out of time?  
What you gonna do when you cross that line, cross that line, cross that line?  
Sticky fingers  
And what you gonna do when you run out of time, run out of time, run out of time?  
Facts and figure ends  
oh oh oh OH All we had was good, just like it should  
When we were young  
We were just nineteen, oh such a scene  
When we were young Sorry, sorry, sorry, sorry, Im sorry  
What you gonna do when you cross that line, cross that line, cross that line?  
I told you to eat your dinner  
And what you gonna do when you run out of time, run out of time, run out of time?  
Im in trouble with you All we had was good, just like it should  
When we were young  
And all you would be kings, you fearless things  
Where are you now? Dont you throw it away, dont you throw it away  
Dont you throw it away, away All we had was good, just like it should  
When we were young  
We were just nineteen, oh such a scene  
When we were young  
And all you would be kings, you fearless things  
Where are you now?
