Kehlani

Came up from nothing
Had to start hustling
Had to be something
You just had to be stunting
Mad at his mama cause she couldn't buy Jordan's
His mama was poor yeah she could never afford it
Down to do anything
Yeah down for whatever
Kids on the come up you know we stick together
That hustle could kill you yeah you gotta be clever
It's cool while you young but you can't do it forever[Hook:]
So if you ride then I'm riding too
By your side kinda stuck on you
You know I fuck witcha, witcha, witcha
You know I fuck witchu, witchu, witchu
He said he loves me cause loyal
Put none above me because I'm loyal
He fucking with me cause I'm loyal
Yeah he with me cause I'm loyalUp in the morning made you some breakfast
Bank account statements yeah I already checked it
House looking spotless I already swept it
You love when I handle shit I already get it
Y-y-you deserve rounds baby boy you been working
It's gon been worth yeah it's all gon be perfect
He tells me he loves me he says mami te quiero
Papi's a hustler chasing mucho dinero[Hook]When it all goes down and things get real
They'll remember who kept it trill
Better let 'em know how you feel
No secrets baby between us I love that we honest
I'm keeping my promise
I'm thuggin regardless
Years down the road when up on out the projects
Baby we're like rockets
Loving what we started[Hook]Loyal
None above me cause I'm loyal
Fucking with me cause I'm loyal
Yeah the nigga's with me cause I'm loyal
