Silent Screaming

Despair

Silent screaming and no one needs to listen
We don't care for each other's feelings
Try to hide behind some self styled ignorance
We have to realize the probs next door to usThe affluent society
Let the children pay the bill
It rips their innocence awayWe are blind to problems in our surrounding
Can't hear the cry in the neighbourhood
Do you really think this is a game?
I call it maltreatmentYour conscience - you cut out
Morbid desires - you live out
You agonize children to satisfy your lust
To satisfy your sick mind
Their souls will pay the cost
What the hell is going on in your mind?
Don't you ever think about your children?
You torture the ones you should preserve
Your existence is a perversity
