Rock 'n' Roll Highschool

[Teddybears STHLM](#)

If you wanna get down bring a friend come around
Getting high getting high in the Rock 'N Roll HighschoolIf you wanna get down bring a friend come around
Getting high getting high in the Rock 'N Roll HighschoolHey girl get in the Mustang, the hatch back
RU on the eight track, your friends they are in back
Waiting to get driven by four on the floor
Teddybears in the front and whores wanna score
Tour guide smiling, look to your rear
RU blessing them with a lot of buds to spare
The flavor of the year is kegs of beer
I'm out of tobacco, you got something to share?
Getting sharp like the edge of a switchblade comb
Kings on the throne, Stockholm be the home
If you're alone call a lover, e-drums no other
An automatically down to mother earth brother
And if you wanna rock and roll and inhale
Say hey to P.A. and chill for a thrill
The pill Joey popped popped all of us
The rush keeps lasting way beyond dusk
I must penetrate that fur-coated girl
I'm hooked on feeling like a duke, call me Earl
King K.. with the ring on top
Make y'all go bananas and enjoy the rockIf you wanna get down bring a friend come around
Getting high getting high in the Rock 'N Roll HighschoolIf you wanna get down bring a friend come around
Getting high getting high in the Rock 'N Roll HighschoolAny beef down the corridor call for us
Save a punch so there is more for us
That stogy gave me more of a rush
Visine for my eyes, gotta stop the blush
Our style is totally yours to lust for, hunt for
To maintain hardcover, any broad too tall for y'all
No fuss, bring her down here, they ain't too tall for us
Hey girl get in the Mustang with us so y'all can do real dirty things wit us
Cause the pill y'all popped, popped all of us,
So the rock keeps lasting way beyond duskIf you wanna get down bring a friend come around
Getting high getting high in the Rock 'N Roll HighschoolIf you wanna get down bring a friend come around
Getting high getting high in the Rock 'N Roll Highschool
