

# Boyfriend

Ray J

Yea creep with me( Come On)  
Take you on a mission  
Yeah, I know its crazy  
Let me talk to you about some deep shit

I met your girl  
I text your girl  
I sexed your girl  
And she loved it  
We share affection  
Special connection  
And no matter how you feel  
She's gonna do what she will  
She said she needs you  
She'll never leave you  
And you can sleep better now that you know it  
And I'm not here to  
Take your position  
She just needs to be rubbed a little different

[Chorus]  
Is that your wife? (huh)  
Is that your shawty? (huh)  
So thats your wife? (that's my wife)  
Well I'm her boyfriend  
Is that your wife? (huh)  
I that your shawty? (shawty)  
So that's your wife?  
Well I'm her boyfriend (boyfriend)

I think the problem is  
You don't beat it right  
Makin' love is cool  
Just pull her hair sometimes  
She wants to feel like a lover  
Not a touch from a brother  
She wanna wake up body achin'  
Not fall asleep frustrated  
She said she loves it home

Its just somethin' sexy 'bout me  
Though all the haters so  
What you expect from shawty  
Remember when you're gone away  
That she'll always be safe with me

[Chorus:]

She really loves you  
She says it all the time  
She really wants to  
Be with you until she dies  
I'm just a side  
Temporary desire  
You keep employed  
I'll be her boy toy

[Chorus]

(Boyfriend)

(Boyfriend)

(Boyfriend)
