

Hey Hey Hey (we're All Gonna Die)

Jack's Mannequin

Keep your eyes on the road I'm the glass passenger

And I sing for a traveling band.

Where I'll be tomorrow

Cause God only knows

It seems there's a science in hand

But I'll finish the shows when I land.

I said hey hey hey

We're all gonna die

Hey hey hey

We're all gonna die

We're all gonna die someday.

And New England turned gray

From the old TLA

Through the lense of my polaroid camer

The label was proud, the new yorks shows sold out

I noticed a change in the weather

It's got cold someone hand me my sweater.

I said hey hey hey

We're all gonna die

Hey hey hey

We're all gonna die

We're all gonna die someday.

So keep your eyes on the road I'm the Glass Passenger

I've return to scene of crime

With my bus and my band I'm taking a stand

So sing with me just one more time.

I said hey hey hey, we're all gonna die

Hey hey hey, we're all gonna die

Well I said hey hey hey, we're all gonna die

I said hey hey hey, We're all gonna die

We're all gonna die someday.
