# Tiny Voices

## Washing Machine

I've been all pinched up
since saturday i've run myself dry
of excellence
16 long years in
hale the bullshit in
Whatever i said
on saturday
whatever i did
i'll do it all again
19 marks up walls
each year one short fall
Chorus:
tiny voices
make things harder
everybody will be let down
everybody will be let down
What is this for?
ex parking lot
the dreamers go by
they never stop
20 plus 5 in
let the youth cave in
Chorus
Tiny voices
here's your voices
uhhh...
tiny voices
here's your voices
uhhh...
Tiny voices
make things harder
tiny voices
make things harderEverybody will be let down
everybody will be let down
everybody will be let down
everybody will be let down
