

# Busted Afternoon

## Old 97's

There was a fine rain  
There was a red wine  
There was a long whistle  
It was a good sign There was a band playin'  
Somewhere off-screen  
There was a girl sayin'  
"Come clean" In a dream on a bust  
On a busted afternoon  
In a haze on a bust  
On a busted afternoon  
In a bad way on a busted afternoon There was a sad truth  
There was a punchline  
There was a long whistle  
It was a good sign There was a long goodbye  
There was a long goodbye In a dream on a bust  
On a busted afternoon  
In a haze on a bust  
On a busted afternoon  
In a bad way on a busted afternoon In a dream on a bust  
On a busted afternoon  
In a haze on a bust  
On a busted afternoon  
In a bad way on a busted afternoon
