

# Don't Say You Love Me

Alee

Heartbroken you tell me take my hand  
You tell me you'll keep me locked away  
Where no one else can break me Simple stories with hidden words  
Truthful tales and little white lies  
Bet you're glad you didn't see me cry Dont say you love me  
Dont say you need me  
Dont say these tears that I'm crying are just make believe  
Dont say you feel bad  
Dont say you're sorry  
Dont say that someday, someday you'll see  
Dont say I love you Now you're coming back and telling me  
All those lies you said were just to keep from hurting me  
You've made a choice that can't be turned around  
A now this carnival ride is slowing down Dont say you love me  
Dont say you need me  
Dont say these tears that I'm crying are just make believe  
Dont say you feel bad  
Dont say you're sorry  
Dont say that someday, someday you'll see  
Dont say I love you Bet you're glad you didn't see me cry  
Bet you're glad you didn't see me cry Dont say you love me  
Dont say you need me  
Dont say these tears that I'm crying are just make believe  
Dont say you feel bad  
Dont say you're sorry  
Dont say that someday, someday you'll see  
Dont say I love you Dont Say I love you  
I love you  
I love you  
Dont Say I love you
