

# To Be Young (is To Be Sad, Is To Be High)

[Ryan Adams](#)

Young boy, you done me bad, I went and did ya wrong  
Young boy, you done me bad, I went and did ya wrong  
Then I got high, Lord I got high  
Now I got a bone to pick with you and I'm sure you know it's true  
Oh, one day when you're looking back  
You were young and man you were sad  
When you're young you get sad  
When your young you get sad, then you get high, oh man  
Young gal, you done me bad, now I went and did ya wrong  
Young gal, you done me bad, so I went and did ya wrong  
Then I got high, Lord, I got high  
Now you got a bone to pick with me, but I wish you'd let me be  
Oh, one day when you're looking back  
You were young and man you were sad  
When you're young you get sad  
When your young you get sad, then you get high, you get high  
Oh, the days the rain would fall your way  
Oh, the days the rain would fall your way  
Then you be high, 'cause you got sad  
'Cause you got sad, oh man  
Oh man  
Oh man  
Oh man
