

Terrible Angels

Charlotte Gainsbourg

My head is pending
My ...is dry
But i . i wait and see it the way
...
Holly holly change into me and something else.
Inside out
Inside out
Fear and fear, freedom going down
Is just a .
Friction for me now.
Fear and fear, just pull me down
Is just a . friction for me now
I want release from isolation
I want release from
I want release, i want release
Terrible angels
Different sorrows
...
They will walk with me again
...
Why could end .
My .my protective my .
I dont wanna .
La la la la la
Feel feel feel
Please dont call me now
Is just a .
Reaching for me now
I want release .isolation
.good intentions, poison wine and i aint this .sex of
I ain t .making .
Change change change
