Babylon

Faster Pussycat

Livin' in L.A. is so much a fun
Boy you is ugly and your girlfriend weighs a ton
We was sittin' in our car in a traffic jam
And some tourist started screamin'
"Hey, ain't you that guy in Wham?"No we won't shut up
We're just babblin' on and on babylon babblin' on and on
Shut up pussycat shut upMan That hoochie-koochie made me dizzy Cowabunga
I said shut your face and take off what you got under
Went outside said your place not mine
Toss her panties on the couch and she smells like she might dieNo we won't shut up
We're just babblin' on and on Babylon Babblin' on and onCaught in a Bel-Air with Buffy and Biffy
Some homeboy says, "Hey guys Want some sniffy?"
On the trigger was a punch and we put a Spanish Fly
Biffy's without spot and buffy's on my thighNo we won't shut up
We're just babblin' on and on Babylon Babblin' on and on
Pussycat shut up, pussycat shut up
Pussycat shut up, shut up, pussycat shut up
