

Luck

Fuel

It's cold outside in the middle of the winter and my brain's in the fridge

 Would you know what shape I'm in

 Point things in the better I'm lucky if I even give into the sin

 Would you know what shape I'm inAnd it's all been luck until now

 Caught in the race of up to down

 Photography mixed in the monogamy keepin' my world happenin'

Would you know the shape I'm inI know that I'm better when I know that you're better and I'll hold you again

 Would you know what shape I'm inAnd it's all been luck until now

 Caught in the race of up to down

 Photography mixed in the monogamy keepin' my world happenin'

 Would you know the shape I'm in
