

When Love Is True

Jean B. Gerbier

When love is true

Before you get into bed with me, come prepared with true
love in your heart and have a candid hope that its guaranteed
to please you.

Chorus

When love is true, it will last forever. (5 times)

If it's love, that you are longing for
don't you worry about making it up.
Get into bed with me for a real satisfaction
leading to sweet tenderness.
