

Hold Back Your Love

White Lies

I go out, right out
For a heart in a heartless town
I come unwell
And this love, my love
Isn't all that I thought it was
Am I no one without someone To need me?
Hold back your love
You know that I've had my doubts
Wanna see what I feel without
Every feeling streaming out Now you know that I need it (x2)
I go out, right out
With the world near falling down
I go on out
And I saw no love A town that's guilty of breaking more
No I ??? trying to reason and pleading
Hold back your love
You know that I've had my doubts
Wanna see what I feel without
Every feeling streaming out Now you know that I need it (x2)
If I'm dreaming, where do I go?
Lost my feeling, so how will I know?
If I'm dreaming, where do I go?
(Hold back your love) Lost my feeling, so how will I know? (x2)
Hold back your love
Hold back your love
If you hold back your love How will I know (x2)
Hold back your love
You know that I've had my doubts
Wanna see what I feel without
Every feeling streaming out
Now you know that I need it
