

Little Memory

Overcoats

I saw you in my dream, it was late afternoon
I was just wandering through past lives lived with you
And i been thinkin' bout
It falls to you again hey...So pick me up don't run too fast, I promise I'll hold on, till I'm the last one standing
Oh, down and down I'll go with you till all that's left is one little memory, mmmdo you dream of me, (do you
dream of me) am I still running through your head? (running through your head)
Heard you're with a new girl making memories
I'm laughing to myself
I lost it all again, hey
So pick me up don't run too fast, I promise I'll hold on, till I'm the last one standing
Oh, down and down I'll go with you till all that's left is one little memory, mmm
So pick me up and you can run as fast as you want, and we'll get lost for the last time
When it's solved then I'll let go, I just need one more little memory, mmm
When it's solved then I'll let go, I just need one more little memory, little memory
