

Song for Pico the Funky Parrot

So Groovy

spread you wings and groove in the air, you the talky funky parrot
say my name through the opaque window, you the talky funky parrot
you bring the soul from my shoulder, you set the pace with your neck
define the rhythm with your beak, bring back my lover with your pecks

Come on funky, funky, funky parrot (x3)
looking for the super parrot of soul

Inspire the kings, seduce the queens of the soul music and funk
Fooling the kings, reproduce the queens of soul music with your spunk
the music's flowing on your feathers, you the magic grooving bird
wearing a brand new disco leather, your groove is like a strange bird

Come on funky, funky, funky parrot (x3)
looking for the super parrot's soul
