

A Night to Remember

Cyndi Lauper

I look out my window
Into the pouring rain
I wish I could tell you
That I stopped hearing your name
And then I realize every thought of you
Runs a circle around my heart
I hear your voice haunting me
I feel your touch in the dark It was a night to remember
All your kisses I still taste
It was a night to remember
Can't forget the look on your face
It was a night Starlight send a message
Like a beacon into the night
To tell you I'm lonely
When I shut out the light
Because a part of me left with you
So I feel lost inside
Sometimes I look into my mirror
I see you shining through my eyes It was a night to remember
All your kisses I still taste
It was a night to remember
Can't forget the look on your face
It was a night to remember All these feelings I can't erase
From my heart Endless dreams
Around my shoulders
I cannot free this restless heart It was a night to remember
...Not enough time for you to stay...
...Can't forget the look on your face
