Leroy

The Sky Devils

He's got the dirtiest shoes that I ever seen
Chew on a blunt wipe his butt with a magazine
Smokin' his crack wash it down with some gasoline
Still he push the button, E.F.Hutton when he speaks to me
Oh you know he told me, shake it, don't break it
It took too damn long to make it
Leroy is my mojo man
Leroy is my mojo man
He come, he take me by the hand
'Cause Leroy is my mojo man tonight
(Alright)
He's just a pimp with a limp and some Vaseline
He told me to look over there, stole my nectarine
Said, "Don't turn your back on me black, I'm a sex machine"
Still he push the button E.F.Hutton when he speaks to me
Oh you know he told me, shake it, don't break it
It took too damn long to make it
Leroy is my mojo man
Leroy is my mojo man
He come, he take me by the hand
'Cause Leroy is my mojo man tonight
(Alright)
Oh you know he told me, shake it, don't break it
It took too damn long to make it
Shake it, don't break it
It took too damn long to make it
Shake it, don't break it
It took too damn long to make it
Shake it, don't break it
It took too damn long to make it
Leroy is my mojo man
Leroy is my mojo man
He come, he take me by the hand
'Cause Leroy is my mojo man
Leroy is my mojo man
Leroy is my mojo man
He come, he take me by the hand
'Cause Leroy is my mojo man tonight
(Alright)
