

Easy

PJ Harvey

Oyster pearl
You easy girls
You're flapping in, you're shouting
You're dead good, all the men say
Legs wide, hips swinging like a doorway Easy
Easy
Easy I'm ranting, I'm raving
I'm taking in just everything
You're giving me no leeway
I open once and you call me Devil's gateway Easy
Easy
Easy And I deserve it
I asked you for it
Have to admit it
We dress like tigers Easy
Easy
And I deserve it
