Lady Love

L.T.D.

This letter makes me feel so down
on my face i wear a frown
The things that i write down you see
are all the things you've done to me
Still i hope you reach your lifelong goals
i write this letter from my soul
lady love goodbye yeah

When you left and said goodbye
i know you thought that i would cry
i got news so listen here
there's someone new who really cares
About my heart and bout my soul
i hope you reach your lifelong goals
Lady love goodbye yeah

You don't know how it feels to hear your name.
It brings back happy memories
then it brings back pain.
You can't feel this hurt inside
So you can't come back this way no more
you made me close an open door

Lady our romance is through
cause i have no more love for you
this letter goes to you from me
it's gonna set my poor heart free
i guess i've got to let you go
deep inside my heart i know
Lady love goodbye yeah

You don't know how it feels to hear your name
it brings back happy memories
then it brings back pain yeah hey
You can't feel this hurt inside
So you can't come back this way no more
you made me close an open door

Lady our romance is through
cause i have no more love for you

this letter goes to you from me
it's going to set my poor heart free
guess i got to let you go
deep inside my heart i know
Lady love goodbye

Baby girl i guess i got to let you go
deep inside my heart i know
Lady love goodbye
goodbye goodbye goodbye
bye bye bye
deep inside my heart i cry
Ladty love goodbye
